

PERIODICALS ASSOCIATED WITH THE CHURCHES OF CHRIST

January 2008

This list was compiled based on those periodicals received by the Harding School of Theology Library. Newsletters from institutions have not been included unless they carry articles as well as news about the institution. Electronic journals are not included. This list represents the broadest spectrum within churches of Christ. No attempt has been made to categorize the theological perspective of any except to identify those published by members of the major fellowship groups. These are identified with the following abbreviations: NI - non-institutional; NBC - no Bible class; and PREMIL - premillennial. Other notes like one-cup and A.D. 70 are obvious.

The ? mark after the frequency indicates that frequency varies.

If you know of other periodicals published by members of the churches of Christ, please notify the HST Library at dmeredith@hst.edu
