

The Deerfoot Church of Christ is shepherded by 7 elders working with 19 deacons and 2 ministers. We are an evangelistic church of over 400 members, active in the suburbs of the Birmingham, Alabama area for over 70 years. While the position is new, our efforts and determination are generational with a recent, sharpened focus.

The Outreach Minister functions in leading church efforts, under oversight of the elders, by providing Christ-centered outreach activities to the community we serve, with the ultimate goal of creating new disciples. A member of the ministry team, he will enable the church's focus on carrying out the great commission and equip the church to carry out the five functions of the New Testament church: evangelism, discipleship, ministry, fellowship, and worship.

Efforts will include encouraging the church to action and spiritual growth in support of evangelizing the gospel to our community, and leading efforts for marketing, advertising, special events for the community, church/university partnerships, and participation in the Missions Committee. He will be a congregational resource, mentor, teacher, and encourager. He will keep office hours, but priority is given to ministering to the Deerfoot membership and in the community. Includes opportunities to fill-in in the pulpit and teach classes.

Please send a cover letter, resume, and references to hiring.outreach@deerfootcoc.com.
