

COMMENTARY RECOMMENDATIONS FOR MINISTERS
2021
Compiled by Don L. Meredith

COMMENTARIES LISTED FROM THE FOLLOWING SOURCES:

Martin. N.T. Books for Pastor and Teacher. Rev. & updated. 2002

In his recommendations he has kept uppermost "the interests of pastors, preachers, and teachers." Concentrates on works "which are likely to be most useful to students training for ministry and ministers and preachers themselves."

Fee & Stuart. How to Read the Bible for All Its Worth. 4th ed. 2014.

Includes two categories in the list of recommended commentaries: for the general reader (GR) and for the advanced student (AS).

Sugg & Trott. Building a Pastor's Library. 1991.

Stuart. Guide to Selecting and Using Bible Commentaries. 1990.

Listed those from his "Very Best Commentaries" list.

Carson. New Testament Commentary Survey. 7th ed. 2013.

Listed those from his "Best Buys," which he identifies as those "commentaries that are a good value for the money for the theological student or well-trained preacher." These are not necessarily the best commentaries on every N.T. book.

Longman. Old Testament Commentary Survey. 5th ed. 2013.

Listed are those he ranked as a 3½, 4 or 5 on a 1-to-5 scale.

Glynn. Commentary & Reference Survey. 10th ed. 2007.

Listed those O.T. titles in his "Ultimate Commentary Collection," which "charts the best exegetical and expositional commentaries."

Glynn. Best Bible Books: New Testament Resources. 2018.

This is the 11th ed. of the previous title covering only the N.T. A later volume on the O.T. will be published. Listed those titles in his "Ultimate Commentary Collection," which "charts the best exegetical and expositional commentaries."

Bauer. Essential Bible Study Tools for Ministry. 2014.

Listed those he highly recommended (R) and those he felt were significant (S). The ultimate purpose of Bauer's bibliography "is to direct students to those works that will be most helpful in interpreting the Bible for preaching and teaching in the church and for personal formation in Christian discipleship."

Evans. Guide to Biblical Commentaries and Reference Works for Students & Pastors. 10th ed. 2016.

Listed those he starred (*) in bold print as suggestions for purchase. Usually these recommended

works “emphasize scholarly exegesis and full theological commentary rather than devotional and sermonic helps.”

This listing is a compilation of commentaries, the majority of which are published in series, recommended by the sources listed. The series are indicated in italics; titles of those commentaries not part of a series are underlined. Sometimes monographs and collections of essays on major issues and/or themes in a biblical book are listed. This list does not represent the recommendation of the Harding School of Religion, its biblical Faculty, or its library staff, but if a commentary is recommended by several of these lists it should receive the student's attention (e.g., Wenham's commentary on Genesis is recommended on seven of these lists). Note that these lists primarily recommend commentaries for ministers to use in preparation for sermons or for Bible lessons to church members and often because of inaccessibility, expense, or heavy use of the original languages a more scholarly volume might not be recommended. HST students should consult the annotations in the lists to determine which commentaries may be more suitable to use in term papers.

Consult “Commentaries” research guide on the HST library Web page for resources to update this list.
